Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

As part of its effort to reduce costs during the current slowdown in the semiconductor manufacturing industry, MKS Instruments, Inc. (the "Company") has reduced the salaries of its executive officers and the cash compensation of its non-employee directors. The executive officer salary reductions were approved by the Compensation Committee on January 15, 2009 and were effective as of January 12, 2009. The non-employee cash compensation reductions were approved by the Compensation Committee and the Board of Directors on January 20, 2009, and were effective immediately. The reductions are in addition to earlier reductions taken on August 25, 2008.

When compared to 2008 executive officer salaries, the effect of the two reductions is that the salary of the Chief Executive Officer and President of the Company has been decreased by 20% from its original amount and the salaries of the other executive officers have been decreased by 10% from their respective original amounts. The salaries of certain other employees (including Mr. Schneider) were reduced by 5% from their original amounts.

When compared to 2008 cash compensation for non-employee directors, the effect of the two reductions is that cash compensation to the Chairman of the Board of Directors has been decreased by 20% from its original amount and cash compensation to all of the other non-employee directors has been decreased by 10% from their respective original amounts.

The reduced salaries and cash compensation amounts are set forth in the exhibits attached to this Report. The reductions shall remain in place until otherwise determined by the Compensation Committee or Board of Directors, as appropriate.

Item 9.01 Financial Statements and Exhibits.
