PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of MKS Instruments, Inc. (the "Company" or "MKS"), a Massachusetts corporation, for use at the 2006 Annual Meeting of Shareholders to be held on May 8, 2006, at 10:00 a.m. at the Andover Country Club, 60 Canterbury Street, Andover, Massachusetts 01810, and at any adjournment or postponement thereof (the "Annual Meeting").

All proxies will be voted in accordance with the shareholders' instructions. If no choice is specified in the proxy, the shares will be voted in favor of the matters set forth in the accompanying Notice of 2006 Annual Meeting of Shareholders. Any proxy may be revoked by a shareholder at any time before its exercise by delivery of written revocation to the Secretary of the Company. Attendance at the Annual Meeting will not in itself be deemed to revoke a Proxy unless the shareholder gives affirmative notice at the Annual Meeting that the shareholder intends to revoke the proxy and vote in person.

VOTING SECURITIES AND VOTES REQUIRED

At the close of business on March 2, 2006, the record date for the determination of shareholders entitled to notice of and to vote at the Annual Meeting, there were issued and outstanding and entitled to vote 54,809,526 shares of common stock, no par value per share, of the Company (the "Common Stock"). Each share entitles the record holder to one vote on each matter submitted at the Annual Meeting.

Under the Company's Amended and Restated By-Laws (the "By-Laws"), the holders of a majority of the shares of Common Stock issued and outstanding and entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of business at the Annual Meeting. Shares of Common Stock present in person or represented by proxy (including "broker non-votes" and shares that abstain or do not vote with respect to a particular proposal to be voted upon) will be counted for purposes of determining whether a quorum exists at the Annual Meeting.

The affirmative vote of the holders of a plurality of the shares of Common Stock voting on the matter is required for the election of Directors. The ratification of PricewaterhouseCoopers LLP ("PwC") requires the approval of the holders of a majority of the shares of Common Stock present or represented by proxy at the Annual Meeting and voting on the matter.

Shares held by shareholders who abstain from voting as to a particular matter, and "broker non-votes," which are shares held in "street name" by banks, brokers or nominees, who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter, and also will not be counted as shares voting on such matter. Accordingly, abstentions and broker non-votes will have no effect on the voting on a matter that requires the affirmative vote of a certain percentage of the shares voting on the matter. If the shares you own are held in street name by a bank or brokerage firm, your bank or brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your bank or brokerage firm provides you.

THE NOTICE OF ANNUAL MEETING, THIS PROXY STATEMENT AND THE COMPANY'S ANNUAL REPORT TO SHAREHOLDERS FOR THE YEAR ENDED DECEMBER 31, 2005 ARE BEING MAILED TO SHAREHOLDERS ON OR ABOUT MARCH 27, 2006. A COPY OF THE COMPANY'S ANNUAL REPORT ON FORM 10-K FOR THE YEAR ENDED DECEMBER 31, 2005 AS FILED WITH THE SECURITIES AND EXCHANGE COMMISSION (THE "COMMISSION"), EXCLUDING EXHIBITS, WILL BE FURNISHED WITHOUT CHARGE TO ANY SHAREHOLDER UPON WRITTEN REQUEST TO: INVESTOR RELATIONS DEPARTMENT, MKS INSTRUMENTS, INC., 90 INDUSTRIAL WAY, WILMINGTON, MA 01887. annual option entitles the holder to purchase 12,000 shares of Common Stock. Each annual option will generally become exercisable on the day prior to the first annual meeting of shareholders following the date of grant, or if no such meeting is held within 13 months after the date of grant, on the 13-month anniversary of the date of grant. The exercise price of all options granted under the 1997 Director Plan is equal to the fair market value of the Common Stock on the date of grant. In the event of a change in control of MKS, the vesting of all options then outstanding would be accelerated in full and any restrictions on exercising outstanding options would terminate.

The Company's 1996 Amended and Restated Director Stock Option Plan (the "1996 Director Plan"), under which options have been granted to, and may still be exercised by, three non-employee directors of MKS, has been terminated, and no further grants may be made under such plan.

The Nominating and Corporate Governance Committee recommended to the Board of Directors that the director nominees be nominated by the Board of Directors for election as Class I directors. The process to be followed by the Nominating and Corporate Governance Committee to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Committee and the Board of Directors.

In considering whether to recommend any particular candidate for inclusion in the Board of Directors' slate of recommended director nominees, the Nominating and Corporate Governance Committee applies the criteria attached to the Committee's charter. These criteria include the candidate's integrity, business acumen,

knowledge of the Company's business and industry, age, experience, diligence, conflicts of interest and the ability to act in the interests of all shareholders. The Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. The Company believes that the backgrounds and qualifications of its directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities.

Shareholders may recommend individuals to the Nominating and Corporate Governance Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the shareholder or group of shareholders making the recommendation has beneficially owned more than 5% of the Company's Common Stock for at least a year as of the date such recommendation is made, to the Nominating and Corporate Governance Committee, in care of Kathleen F. Burke, Esq., General Counsel, MKS Instruments, Inc., 90 Industrial Way, Wilmington, MA 01887. Assuming that appropriate biographical and background material has been provided on a timely basis, the Nominating and Corporate Governance Committee will evaluate shareholder-recommended candidates by following substantially the same process, and applying the same criteria, as it does in considering other candidates.

Shareholders also have the right under the Company's By-Laws to directly nominate director candidates, without any action or recommendation on the part of the Nominating and Corporate Governance Committee or the Board of Directors, by following the procedures set forth under the heading "Deadline for Submission of Shareholder Proposals for the 2007 Annual Meeting" below.

Communications from Shareholders

The Board of Directors will give appropriate attention to written communications that are submitted by shareholders, and will respond if and as appropriate.

The Chairman of the Nominating and Corporate Governance Committee, with the assistance of the Company's General Counsel, is primarily responsible for monitoring communications from shareholders and for providing copies or summaries to the other directors as he considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the Chairman of the Nominating and Corporate Governance Committee considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which the Company tends to receive repetitive or duplicative communications.

Shareholders who wish to send communications on any topic to the Board of Directors should address such communications to the Board of Directors in care of Kathleen F. Burke, Esq., General Counsel, MKS Instruments, Inc., 90 Industrial Way, Wilmington, MA 01887.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Company's executive compensation program is administered by the Compensation Committee of the Board of Directors. The Compensation Committee (for purposes of this report only, the "Committee") is comprised of three non-employee directors, Messrs. Anderson, Kahl and Valente. The Committee is responsible for determining the salaries of, establishing bonus programs for, and granting stock options and restricted stock to, the Company's executive officers.

The Committee believes that the primary objectives of the Company's compensation policies are to attract, retain, motivate, and reward a management team that can effectively implement and execute the Company's strategic business plan and lead the Company in achieving its long-term growth and earnings goals. These compensation policies include an overall management compensation program that: (i) is competitive with management compensation programs at companies of similar size and in a similar industry; (ii) recognizes individual initiative, leadership and achievement; (iii) provides short-term bonus incentives for

[Table of Contents](#)

management to meet the Company's net income performance goals; and (iv) provides long-term incentive compensation in the form of stock options and restricted stock to encourage management to continue to focus on shareholder return.

The Committee's goal is to use compensation policies to closely align the interests of the Company's management with the interests of shareholders so that the Company's management has incentives to achieve short-term performance goals while building long-term value for the Company's shareholders. In establishing base salaries for executive officers, the Committee considers numerous factors such as the executive's responsibilities, the executive's importance to the Company, the executive's performance, historical salary levels of the executive, and the salaries of executives at certain other companies whose business is similar to that of the Company. The Committee will review its compensation policies from time to time in order to determine the reasonableness of the Company's compensation programs and to take into account factors that are unique to the Company.

The Company has entered into employment agreements with its executive officers and certain other senior officers of the Company. The Committee believes that the salaries and benefits provided to these senior officers reflect appropriate base salaries and benefits as compared to senior officers of other companies of similar size. These agreements provide for termination for cause as well as termination without cause and for certain severance benefits and restrict the officers' ability to compete with the Company.

Bonus Plan

To further provide incentives for management to continue to improve operating results, the Committee oversees the administration of the Management Incentive Bonus Plan ("Bonus Plan"). The amounts to be distributed pursuant to the Bonus Plan are generally determined by the financial results of the Company, and, in some instances, are also partially based on the performance of a particular product group. The Committee believes that the Bonus Plan provides significant incentive to the executive officers of the Company to exceed the Company's financial goals.

Long-Term Incentive Compensation

Long-term incentive compensation, in the form of stock options or restricted stock, allows the executive officers to share in any appreciation in the value of the Company's Common Stock. The Committee believes that equity-based compensation aligns executive officers' interests with those of the shareholders. In addition, the Committee believes that awarding grants to executive officers helps to balance the short-term focus of annual incentive compensation with a longer term view and may help to retain key executive officers. Moreover, because options and restricted stock granted to executive officers generally become exercisable over a three or four-year period and terminate upon or shortly after the termination of the executive's employment with the Company, these grants serve as a means of retaining these executives.

In January 2005, the Committee accelerated the vesting of unvested options awarded to the Company's employees, including officers, which options had an exercise price of \$23.00 or greater. The closing sale price of MKS stock on the NASDAQ National Market on the date of acceleration was \$16.03. As a result of this action, options to purchase approximately 1.6 million shares of Common Stock became exercisable on January 7, 2005. Under the recently issued Financial Accounting Standards Board Statement No. 123R, "Share-Based Payment" ("FAS 123R"), the Company will be required to apply the expense recognition provisions under FAS 123R beginning the first quarter of fiscal 2006. The Company believes that accelerating the vesting of the identified stock options will reduce the Company's compensation charge in periods subsequent to December 31, 2005, when the provisions of FAS 123R are adopted.

When establishing stock option and restricted stock grant levels, the Committee considers general corporate performance, the Chief Executive Officer's recommendations, level of seniority and experience, the dilutive impact, previous grants, vesting schedules of outstanding equity-based grants and the current stock price.

Table of Contents

It is the practice of the Company to make an initial equity-based grant to all executive officers at the time they commence employment that is consistent with those granted to executive officers in the industry at similar levels of seniority. In addition, the Committee may also make grants of equity-based compensation throughout the year. In making such grants, the Committee considers individual contributions to the Company's financial, operational and strategic objectives.

Senior management also participates in Company-wide employee benefit plans, including the Company's 401(k) Plan. Benefits under these plans are not dependent upon individual performance.

In addition, the Company provides supplemental retirement benefits and, in some instances, retiree medical benefits, to certain executive officers and their spouses. The benefits are contingent upon the executive officer remaining employed with the Company until a specified retirement age. The Company believes that these retirement benefits serve as a significant incentive to retain these executives.

Compensation of Chief Executive Officer

Mr. Berlinghieri's compensation was based upon a careful analysis of other comparable companies' Chief Executive Officers' compensation and Mr. Berlinghieri's efforts and success in improving the Company's operating results, establishing strategic goals and objectives for long-term growth of the Company, and advancing the Company in obtaining its strategic goals and objectives.

Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), generally disallows a tax deduction to public companies for certain compensation in excess of \$1.0 million paid to such company's chief executive officer or any of the four other most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met.

The Committee reviews the potential effect of Section 162(m) periodically and generally seeks to structure the long-term incentive compensation granted to its executive officers through option issuances under its stock option plans in a manner that is intended to avoid disallowance of deductions under Section 162(m). Nevertheless, there can be no assurances that compensation attributable to awards granted under the Company's stock option plans will be treated as qualified performance-based compensation under Section 162(m). Because the Company's Bonus Plan is not operated in a manner designed to qualify as performance-based compensation under Section 162(m), it is possible that a portion of any bonus payable to Mr. Berlinghieri and certain other executives under the Bonus Plan will not be deductible for federal income tax purposes. The Committee reserves the right to use its judgment to authorize compensation payments which may be in excess of the Section 162(m) limit when the Committee believes such payments are appropriate, after taking into consideration changing business conditions or the officer's performance, and are in the best interests of the shareholders.

Compensation Committee Interlocks and Insider Participation

In 2005, the Compensation Committee comprised Messrs. Anderson, Kahl and Valente. None of the members were, at any time, officers or employees of MKS or any subsidiary of MKS, and none of them had any relationship with MKS requiring disclosure under Item 404 of Regulation S-K under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Company's Board of Directors is currently composed of three members and acts under a written charter adopted and approved on February 4, 2004. The members of the Audit Committee are independent directors, as defined by its charter and the rules of the NASDAQ Stock Market, and possess the financial sophistication required by such charter and rules. The Audit Committee held twelve meetings during the fiscal year ended December 31, 2005.

Management is responsible for the Company's internal controls and the financial reporting process. The Company's independent auditors, PwC, are responsible for performing an independent audit of the Company's financial statements and the Company's internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States), and issue a report on those financial statements. The Audit Committee is responsible for monitoring and overseeing these processes. As appropriate, the Audit Committee reviews and evaluates, and discusses with the Company's management, internal accounting, financial and internal auditing personnel and the independent auditors, the following:

- the plan for, and the independent auditors' report on, audits of the Company's financial statements;
- the Company's financial disclosure documents, including all financial statements and reports filed with the Commission or sent to shareholders;
- management's selection, application and disclosure of critical accounting policies;
- major changes in the Company's significant accounting practices, principles, controls or methodologies;
- significant developments or changes in accounting rules applicable to the Company; and
- the adequacy of the Company's internal controls and accounting, financial and internal auditing personnel.

The Audit Committee reviewed the Company's audited financial statements for the fiscal year ended December 31, 2005, and discussed these financial statements with the Company's management. Management represented to the Audit Committee that the Company's financial statements had been prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee also reviewed and discussed the audited financial statements and the matters required by Statement on Auditing Standards No. 61 "Communication with Audit Committees," as amended (SAS 61), with PwC, the Company's independent auditors. SAS 61 requires the Company's independent auditors to discuss with the Company's Audit Committee, among other things, the following:

- methods to account for significant unusual transactions;
- the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and
- disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

The Company's independent auditors also provided the Audit Committee with written disclosures and a letter required by Independence Standards Board Standard No. 1 "Independence Discussions with Audit Committees." Independence Standards Board Standard No. 1 requires auditors annually to disclose in writing all relationships that in the auditor's professional opinion may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. In addition, the Audit Committee discussed with the independent auditors their independence from the Company. The Audit Committee also considered whether the independent auditors' provision of the other, non-audit related, services to the Company, which are referred to below, is compatible with maintaining such auditors' independence.

[Table of Contents](#)

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements of the Company be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005.

Retirement Benefits

MKS provides supplemental retirement benefits to certain officers, including Messrs. Berlinghieri, Weigner and Colella. Benefits become fully vested when the officer (i) has 25 years of service with MKS, and (ii) retires at Normal Retirement Age (set forth in the table below), with partial vesting at specified ages

Table of Contents

prior to Normal Retirement Age, as indicated below. When fully vested, the benefits provide for annual payments equal to 50% of the employee's final average compensation (defined below) for life, with 50% of such amount payable to his spouse for life after the employee's death, or a lump sum payment of an aggregate amount calculated in accordance with actuarial tables. Final annual compensation is equal to the average of officer's three highest years of compensation (salary plus bonus) during the 10 years prior to the officer's retirement (or other qualifying termination). The benefits listed above are not subject to any deduction for social security or other offset amounts.

The above-named officers have been credited with the following years of service and have the following Normal Retirement Age pursuant to the supplemental retirement benefits:

	<u>Years of Service Credited (as of 12/31/05)</u>	<u>Normal Retirement Age (fully vested)</u>	<u>Estimated Annual Benefit Payable upon Retirement at Normal Retirement Age(1)</u>
Leo Berlinghieri	25	62(2)	\$302,530
Gerald G. Colella	22	62(2)	\$204,335
Ronald C. Weigner	25	65(3)	\$171,604

- (1) These estimated annual benefits assume that each participant's salary plus bonus would remain unchanged from his 2005 levels until retirement.
- (2) When fully vested, the amount payable to each of Messrs. Berlinghieri and Colella is equal to 50% of the average of his three years of highest compensation (salary plus bonus) during the 10 years prior to his retirement (or other qualifying termination). At age 61, this benefit becomes 90% vested; and at age 60, this benefit becomes 80% vested.
- (3) When fully vested, the amount payable to Mr. Weigner is equal to 50% of the average of his three years of highest compensation (salary plus bonus) during the 10 years prior to his retirement (or other qualifying termination). At age 64, this benefit becomes 90% vested; at age 63, this benefit becomes 80% vested; at age 62, this benefit becomes 60% vested; at age 61, this benefit becomes 40% vested. Because Mr. Weigner is currently age 60, this benefit is currently 20% vested.

In addition, the Company provides Mr. Smith a retirement benefit, as described below under "Employment Agreements."

Employment Agreements

MKS has entered into employment agreements with each of Messrs. Bertucci, Berlinghieri, Colella, Smith, Stewart and Weigner. The terms of such employment agreements are included in the summary below.

Each agreement sets the base salary for each employee which is reviewed annually. Each employee is also entitled to standard benefits, including participation in a profit sharing and retirement savings plan, vacation days, insurance and medical/dental insurance.

Term and Termination

Mr. Bertucci's agreement provides that if Mr. Bertucci resigns from his employment, then, subject to applicable law, the Company's by-laws and articles of organization and the directors' fiduciary duties, the Board of Directors shall nominate Mr. Bertucci for election as a Class III director and consider Mr. Bertucci for appointment as Chairman of the Board, subject to eligibility requirements. Mr. Bertucci's employment term shall continue until terminated by either party, or by death or disability. If Mr. Bertucci's employment is terminated by the Company without "cause" (as defined in the agreement), or by Mr. Bertucci for "good reason," Mr. Bertucci shall continue to receive salary and bonus for 36 months after the date of such termination (which payments shall be in a lump sum and grossed up for applicable taxes if such termination occurs within 2 years of a change in control of the Company), and additional employment benefits for his lifetime. If Mr. Bertucci otherwise terminates his employment, in exchange for his agreement to provide consulting services for the Company, he shall continue to receive salary and bonus for 18 months after the date

of such termination and additional employment benefits for his lifetime. All such termination payments shall be grossed up to cover any applicable excise tax. Mr. Bertucci and his spouse are also eligible to receive retiree medical for their lifetimes, upon meeting specified criteria. Retiree medical benefits are not available if Mr. Bertucci is terminated by the Company for “cause.”

All of the other employees’ employment terms are month to month, with termination upon death, disability, or at the election of MKS if the employee fails to perform his duties or commits any act not in MKS’s best interest.

With respect to Mr. Berlinghieri, if his employment is terminated by the Company (other than for failure or refusal to perform his obligations, commitment of acts not in the Company’s interest, commission of a felony or willful misconduct), Mr. Berlinghieri shall continue to receive salary and certain benefits for 12 months after the date of such termination; and, if Mr. Berlinghieri’s employment is terminated by the Company without “cause” or by Mr. Berlinghieri for “good reason” (each as defined in the agreement), within two years after a change in control of the Company, and certain other criteria are met, Mr. Berlinghieri shall continue to receive salary and certain benefits for 36 months after the date of such termination.

Non-Competition and Non-Solicitation

Each of the employment agreements contains a non-competition provision. With respect to Messrs. Colella, Smith, Stewart and Weigner, such employees may not during the term of their employment and for the period of one year after termination of employment (or, in the case of Messrs. Stewart and Weigner, two years if employment was terminated by such employee other than for good reason (as defined in the agreement)):

- engage in any competitive business or activity;
- work for, employ, become a partner with, or cause to be employed, any employee, officer or agent of MKS;
- give, sell or lease any competitive services or goods to any customer of MKS; or
- have any material financial interest in or be a director, officer, partner, employee or consultant to or exceed specified shareholding limitations in, any competitor of MKS.

With respect to Mr. Berlinghieri’s agreement, during the term of employment and for a period of one year thereafter (or two years, if employment was terminated by Mr. Berlinghieri other than for “good reason”), Mr. Berlinghieri may not (i) engage in any competitive business or activity, (ii) work for or become a partner with any employee, officer or agent of the Company, or (iii) have any financial interest in or be a director, officer, 1% shareholder, partner, employee or consultant to any competitor of the Company.

With respect to Mr. Bertucci’s agreement, during the term of employment and for a period of one year thereafter (or two years, if employment was terminated by Mr. Bertucci other than for “good reason”, as defined in the agreement), Mr. Bertucci may not (i) manage or participate in a competing business or (ii) maintain an ownership of more than 1% in any competing business.

All of the employment agreements contain non-solicitation provisions. During the term of employment and for a period of two years after termination of employment (one year for Messrs. Colella and Smith, and one to two years for Mr. Bertucci), the employees may not (i) solicit any customer to become a customer, distributor or supplier of any other person or entity or to cease doing business with the Company or (ii) solicit or hire any employee or agent of the Company to terminate such person’s employment or engagement with the Company or to work for a third party.

Supplemental Retirement Benefits

The employment agreements for each of Messrs. Berlinghieri, Weigner and Colella provide for supplemental retirement benefits. The benefits:

- vest upon the employee reaching both (i) specified ages and (ii) 25 years of service with the Company, in each case while employed with the Company, or upon the employee's earlier death, disability, termination without cause (as defined in the agreement) or a qualifying termination in connection with a change in control (as defined in the agreement);
- are forfeited in the event of termination for cause; and
- provide for, upon retirement in accordance with the terms of the plan, annual payments equal to 50% of the employee's final average pay (as defined in the agreement) for life, with 50% of such amount payable to his spouse for life after the employee's death, or a lump sum payment of such aggregate amount, in accordance with actuarial tables.

Mr. Smith's agreement provides for supplemental retirement benefits. These benefits:

- vest upon his reaching specified ages while employed with the Company, or upon his earlier death, disability, termination without cause (as defined in the agreement) or a qualifying termination in connection with a change in control (as defined in the agreement);
- are forfeited in the event of termination for cause or upon Mr. Smith's voluntary termination for any reason other than retirement;
- provide for a payment to Mr. Smith, upon his retirement in accordance with the terms of his agreement, of an amount equal to the aggregate of 15% of Mr. Smith's annual compensation for each year during the period beginning 2004 until termination of employment, as if such amount were invested in investment instruments previously specified by Mr. Smith; and
- provide that the Company may make additional discretionary contributions to Mr. Smith's retirement plan, and Mr. Smith may contribute up to 25% of his current salary and up to 100% of his bonus to the retirement plan.

In addition, the Company also provides retiree medical benefits to Messrs. Weigner and Stewart and their respective spouses, for their lifetimes, upon meeting specified criteria. Retiree medical benefits are not available if the employee terminates his employment with the Company prior to age 62 (unless such termination is for good reason, as defined in the employment agreement) or is terminated by the Company for cause. Upon receipt of the benefits, Messrs. Weigner and Stewart will each be responsible for paying \$1,500 in costs annually, and, until they reach age 65, an additional portion of the costs.

Management Incentive Bonus Plan

In addition to the rights set forth in the employment agreements, each of the employees described above is entitled, under the Company's Management Incentive Bonus Plan, to a bonus equal to a specified percentage of his base salary, ranging from 75% for Mr. Berlinghieri, to 40% for other participants. The amounts to be distributed pursuant to the plan are generally determined by the pro-forma pre-tax earnings per share target for the Company, and in some instances, are also partially based on the performance of a particular product group.

CODE OF ETHICS

Pursuant to Section 406 of the Sarbanes Oxley Act of 2002, MKS has adopted a written code of business conduct and ethics that applies to all of the Company's directors, officers and employees (including the principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions), which is posted in the Investors link on the Company's website, www.mksinstruments.com, under the heading Corporate Governance. MKS intends to disclose any amendments to, or waivers from, the Company's code of business conduct and ethics on MKS's website.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act ("Section 16(a)") requires executive officers, directors, and shareholders who beneficially own more than ten percent (10%) of the Company's stock to file initial reports of ownership on Form 3 and reports of changes in ownership on Form 4 with the Commission and any national securities exchange on which the Company's securities are registered. Executive officers, directors and greater than ten percent (10%) beneficial owners are required by the Commission's regulations to furnish the Company with copies of all Section 16(a) forms they file.

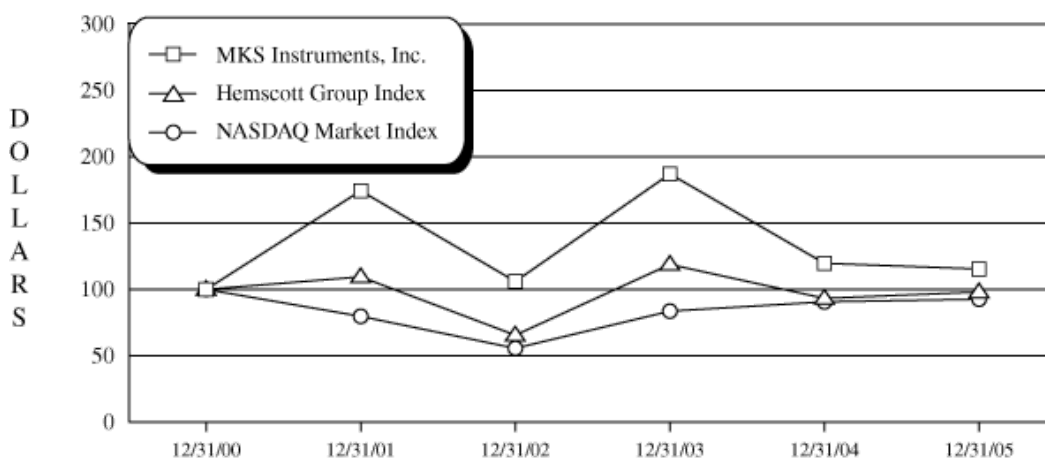

Based solely on a review of the copies of such forms furnished to the Company and written representations from the executive officers and directors, pursuant to Item 405 of Regulation S-K, the Company believes that all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent (10%) shareholders were complied with, except that Mr. Stewart failed to timely report a grant of an option to purchase 37,500 shares of Common Stock on his Form 4 that was filed on February 16, 2005. This grant was subsequently reported on an amendment to the original filing.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

On February 2, 2006, the Audit Committee appointed PwC as the Company's independent auditors for the fiscal year ending December 31, 2006. PwC was the Company's independent auditors for the fiscal year ended December 31, 2005.

Representatives of PwC are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions from shareholders. In the event that the ratification of the appointment of PwC as the independent auditors for the Company is not obtained at the Annual Meeting, the Board of Directors will reconsider its appointment.

THE BOARD OF DIRECTORS BELIEVES THAT THE PROPOSAL TO RATIFY THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS INDEPENDENT AUDITORS OF THE COMPANY FOR THE FISCAL YEAR ENDING DECEMBER 31, 2006 IS IN THE BEST INTERESTS OF MKS AND ITS SHAREHOLDERS AND THEREFORE RECOMMENDS A VOTE "FOR" THIS PROPOSAL.

OTHER MATTERS

The Board of Directors does not know of any other matters which may come before the meeting. However, if any other matters are properly presented to the meeting, it is the intention of the persons named in the accompanying proxy to vote, or otherwise act, in accordance with their judgment on such matters.

All costs of solicitation of proxies will be borne by the Company. In addition to solicitations by mail, the Company's directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone and personal interviews and the Company reserves the right to retain outside agencies for the purpose of soliciting proxies. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of stock held in their names, and the Company will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of proxy materials.

Pre-Approval Policy and Procedures

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by the Company's independent auditors. This policy generally provides that the Company will not engage its independent auditors to provide audit or non-audit services unless the service is specifically approved in advance by the Audit Committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to the Company by its independent auditors during the next 12 months. Any such pre-approval is detailed as to the particular service or type of service to be provided and is also generally subject to a maximum dollar amount.

The Audit Committee has also delegated to the chairman of the Audit Committee the authority to approve any audit or non-audit services to be provided to the Company by its independent auditors. Any approval of services by the Chairman of the Audit Committee pursuant to this delegated authority is reported on at the next meeting of the Audit Committee.

The Audit Committee has considered and determined that the provision of the non-audit services noted in the foregoing table is compatible with maintaining PwC's independence.

DEADLINE FOR SUBMISSION OF SHAREHOLDER PROPOSALS FOR THE 2007 ANNUAL MEETING

Proposals of shareholders intended to be presented at the 2007 Annual Meeting of Shareholders must be received by the Company at its principal office in Wilmington, Massachusetts not later than November 21, 2006, for inclusion in the proxy statement for that meeting.

In addition, the Company's By-Laws (which are on file with the Commission) require that MKS be given advance notice of matters that shareholders wish to present for action at an Annual Meeting of shareholders (other than matters included in MKS's proxy statement in accordance with Rule 14a-8 of the Exchange Act). The required written notice must be delivered to the Secretary of the Company at the principal offices of the Company at least 60 days prior to the Annual Meeting, but no more than 90 days prior to such meeting or it will be considered untimely. The advance notice provisions of the Company's By-Laws contain the requirements of the written notice of shareholders and supersede the notice requirement contained in Rule 14a-4(c)(1) under the Exchange Act.
