

MKS Instruments Announces Second Quarter 2011 Earnings Conference Call

ANDOVER, Mass., July 7, 2011 /PRNewswire via COMTEX/ --

MKS Instruments, Inc. (NASDAQ: MKSI), a global provider of technologies that enable advanced processes and improve productivity, today announced that it will release second quarter 2011 financial results after market close on Wednesday, July 20, 2011. A conference call with management will be held on Thursday, July 21, 2011 at 8:30 a.m. (Eastern Time). To participate in the conference call, please dial (877) 666-7169 for domestic callers and (817) 382-5829 for international callers, and an operator will connect you. Participants will need to provide the operator with the Conference ID of 82212141, which has been reserved for this call. A live and archived webcast of the call will also be available on the company's website at www.mksinst.com. Following the webcast, a telephone replay will be available for 7 days. To access the replay, please dial (800) 642-1687 or (706) 645-9291 which will require the conference ID noted above.

About MKS Instruments

MKS Instruments, Inc. is a global provider of instruments, subsystems and process control solutions that measure, control, power, monitor and analyze critical parameters of advanced manufacturing processes to improve process performance and productivity. Our products are derived from our core competencies in pressure measurement and control, materials delivery, gas composition analysis, control and information technology, power and reactive gas generation, and vacuum technology. Our primary served markets are manufacturers of capital equipment for semiconductor devices, and for other thin film applications including flat panel displays, solar cells, light emitting diodes, data storage media, and other advanced coatings. We also leverage our technology in other markets with advanced manufacturing applications including medical equipment, pharmaceutical manufacturing, energy generation, and environmental monitoring.
